

## **Sewing Machine Technician – 1<sup>st</sup> Shift (6:30am – 3:00pm)**

Taconic, a global leader in the manufacturing of PTFE coated fiberglass fabric, belts and tapes, is seeking a Sewing Machine Technician for our Corporate office in **Petersburgh, NY**.

A Sewing Machine Technician is responsible for the repair, maintenance, and servicing of industrial sewing machines. They're also responsible for diagnosing and resolving mechanical and electronic issues, ensuring machines operate optimally, and may also train operators on proper use and setup. The candidate must be able to keep production machines, tools, equipment and utility systems in operating condition.

### Requirements:

- Associate's degree in mechanical maintenance or related, or four years of equivalent experience troubleshooting and repairing industrial equipment
- Must be able to determine causes of operating errors and develop appropriate resolution.
- Experience with hydraulics and pneumatics is essential.
- Knowledge of machines and tools, including power and hand tools
- Must have a valid driver's license
- Good interpersonal skills and the ability to prioritize based on changing work conditions.
- Strong understanding of sewing machine mechanics and electronics, including the use of tools like ohmmeters.

Pay range - \$25.00 - \$28.00 per hour.

We offer a competitive benefits package including medical, dental, vision and life insurance, a competitive compensation and retirement package, tuition assistance, vacation, a business casual work environment and more!

Resumes should be directed to the Human Resources Director at P.O. Box 69 Petersburg, NY 12138 or email: [hr@4taconic.com](mailto:hr@4taconic.com).
