

**Engineering Technician - 2nd Shift
(3:00pm – 11:30pm)**

Taconic, a global leader in the manufacturing of PTFE coated fiberglass fabric, belts and tapes, is seeking an Engineering Technician for our Corporate office in Petersburg, NY to coat and test engineering materials.

Daily tasks:

- Writing reports summarizing test results and communicating results to engineering staff.
- Communicating results of experiments to the engineering staff.
- Supporting production by advising how to solve problems.

Requirements:

- Associate's degree or equivalent experience.
- Three years of experience in a manufacturing setting (preferred)
- Strong writing skills with the ability to compose Engineering reports using MS Word and Excel
- Ability to adapt to changing priorities
- Strong communication skills
- Ability to maintain effective working relationships with managers and production operators
- Problem solving skills using scientific methods
- Ability to work independently and as a team member in completing daily tasks and assignments

Pay range - \$20.00 - \$23.00 per hour.

We offer a competitive benefits package including medical, dental, vision and life insurance, a competitive compensation and retirement package, tuition assistance, vacation, a business casual work environment and more!

Resumes should be directed to the Human Resources Director at P.O. Box 69 Petersburg, NY 12138 or email: hr@4taconic.com.
