

Cost Accountant

Taconic, a global leader in the manufacturing of PTFE coated fiberglass fabric, belts, tapes and laminates is seeking a Maintenance Mechanic for our corporate office in Petersburg, NY to keep production machines, tools, equipment, and utility systems in operating condition.

Bachelor's degree in finance or related field. A minimum of three years of cost accounting experience in a manufacturing environment required. Must be proficient with Excel and have good attention to detail with the ability to maintain confidentiality. Must be able to interface with other company personnel and prioritize based on changing work conditions.

Responsible for the development and maintenance of accurate standard costs and for the timely reporting and analysis of related variances. Support cross-functional cost and process optimization projects that improve the effectiveness and efficiency of operations. Perform analysis of manufacturing operations; develop and monitor cost standards for material, labor and overhead. Assist production managers with inventory management by analyzing sales demand and effects on inventory levels.

We offer a competitive benefits package including medical, dental, vision and life insurance, a competitive compensation and retirement package, tuition assistance, vacation, a business casual work environment and more!
