

Quality Policy

Taconic's principal goal is to meet customer expectations by consistently responding quickly to customer requests, providing on-time delivery of high quality products, and by developing innovative solutions.

To achieve this goal, we will:

- Provide a safe and respectful work environment,
- Partner with our customers, suppliers and stakeholders to improve our respective processes and products,
- Commit to continual improvement of the quality management system (QMS),
- Support professional development and personal wellbeing.

Timothy Kostol, President
